

Compact Carbon Car Air Purifier 12V Formaldehyde Benzene Purification

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Envitek
- Certification: ETL CB EMC LVD ERP ROHS
- Model Number: KJ020GE-C1
- Packaging Details: color box+master carton
- Delivery Time: 30
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 30000 PCS/MONTH

Product Specification

- Color: White Or Customize
- Power (W): 100-240V Or 4AA Cell Battery,5W
- Type: Hepa Filtered
- Usage: Car, Small Room, Outdoor
- Custom: OK
- Material: ABS
- Highlight: **benzene Car Air Purifier, formaldehyde Car Air Purifier, formaldehyde 12v air purifier**

Product Description

Car Air Purifier: Escort Your Journeys

During each of your driving trips, the car air purifier plays a crucial role, just like a considerate "air steward".

It integrates into the car interior with a compact and exquisite appearance but contains powerful purification capabilities. Through advanced technology and an efficient filtration system, it creates a fresh and healthy in-car space for you.

Its working principle is like an elaborately choreographed purification "dance". The built-in powerful fan quickly sucks in the in-car air, allowing the air to pass through layers of filters. The primary filter takes the lead in blocking larger impurities, such as dust and debris. The HEPA filter focuses on capturing tiny particles, including pollen, allergens, and fine pollutants. And the activated carbon filter shows its prowess by adsorbing harmful chemicals such as formaldehyde and benzene, as well as unpleasant odors.

This purification process is fast and efficient. Even during vehicle driving, it can work continuously and stably to provide you with uninterrupted fresh air.

For example, when you turn on the air conditioner on a hot summer day, it can ensure that the incoming air is clean and unpolluted; when you drive on a dusty road, it can protect you from the invasion of dust.

With the car air purifier, no matter how long or short your journey is, you can enjoy the fresh air like in a forest inside the car, making each trip a pleasant experience.

Product Specification

Model	KJ020GE-C1
Voltage	100-240V
Power	5 W
CADR rate	18m ³ /h
Product size	208*89*218mm
Area coverage	3m ²

Product Features:

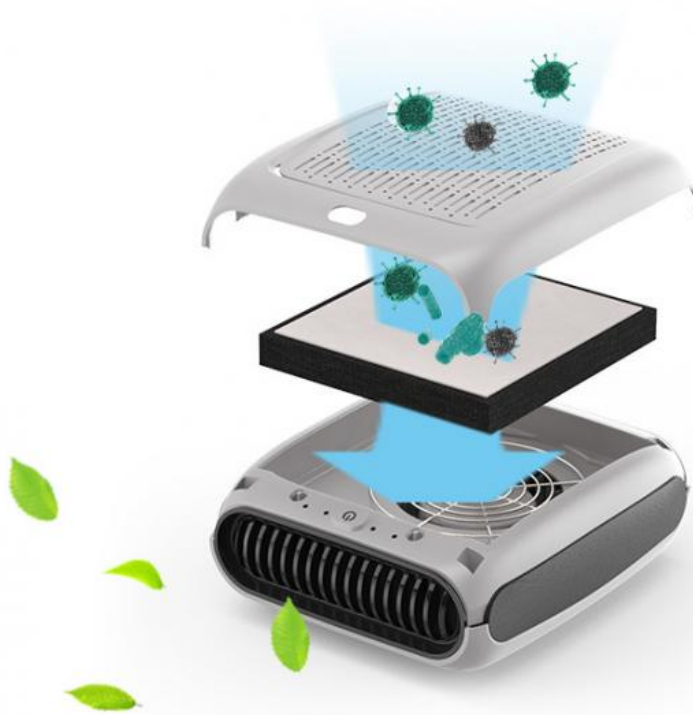

- .HEPA filter (Hepa with carbon for option)
- .2 speeds, one button easy control
- .Filter changing reminder
- .Easy to use in car with attachment belt
- .With an adaptor and Car Cigarette Lighter
- .Negative ions for option
- .Uv for option
- .Auto Mode-Air Quality indicator for option

HEPA Filter:

Pre filter traps pet hair and other large particles while extending the life of the HEPA filter
HEPA filter helps to reduce harmful germs, dust, pollen and other allergens as small as 0.3 microns

True HEPA H13 filter

Clean your personal air from
99.97% of dust, pollen, pet dander, smoke, and odors.
